

# MS-6040

## SPECIFICATION

*The new revolutionary  
Solar LED Outdoor Flasher*

**Replaceable /  
Removable  
Inner unit**

MS – 6040 Double sided

*Stainless steel case protection*

*Feature*

**Replaceable  
INNER UNIT**

**2 LED Lights  
on both side**

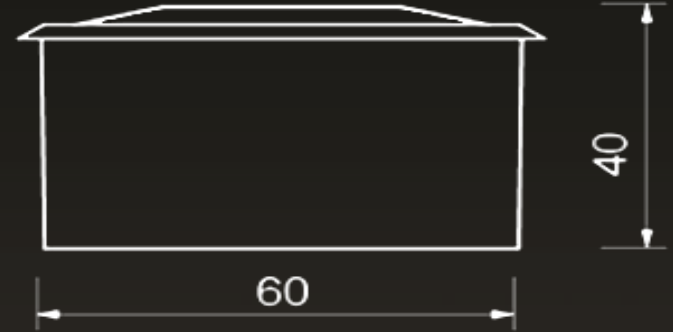

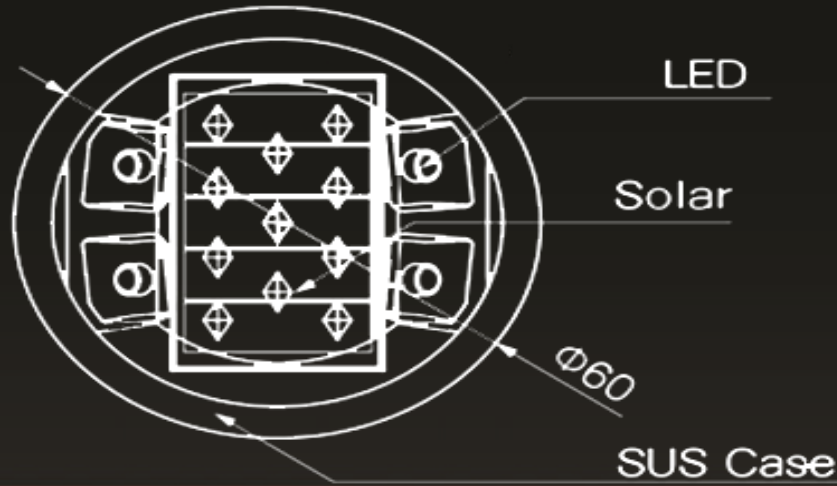

MS – 6040 Device included with outer stainless steel case for the protection

Small and compact providing high visibility at night

Flat installation to prevent tripping and falling

Ideal for installation applications like outdoor landscaping enhancement, swimming pools, decks, exterior walkways, home entrances, driveways. A perfect solution for marking bicycle and pedestrian pathways and to improve the safety.

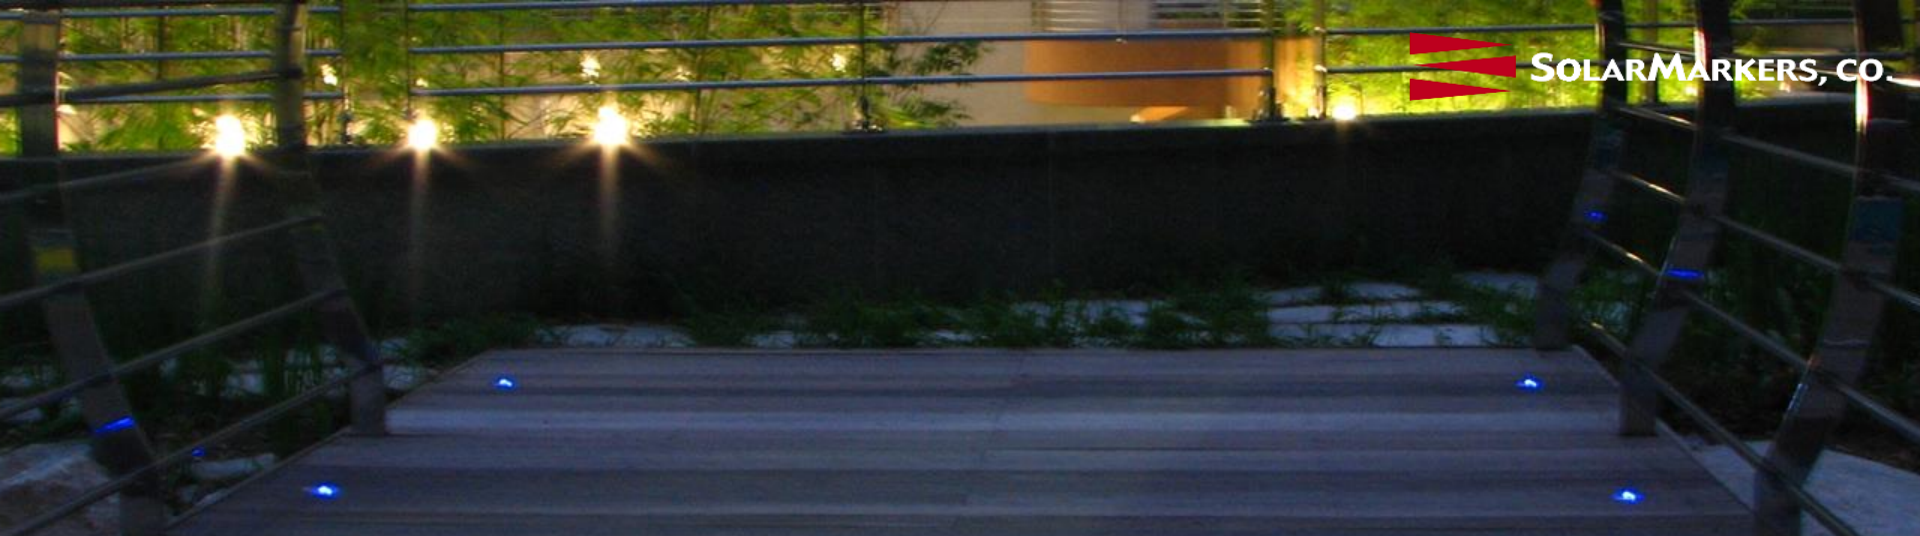

No wiring and electricity

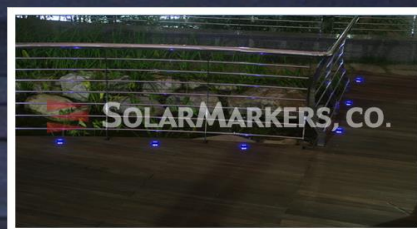

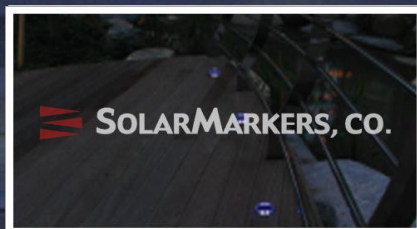

## Specification

<b>Technology</b>	Active photovoltaic
<b>Dimensions</b>	60Ø x H40 mm
<b>Weight</b>	500g
<b>Strength</b>	8.9 Ton
<b>Housing material</b>	Solar cell & I.C (Integrated Circuit) covered with U.V coated Polycarbonate Stainless Steel housing
<b>Out case</b>	
<b>LED`s</b>	4Pcs
<b>LED color</b>	Yellow / Red / White / Blue / Green
<b>LED output</b>	5000 Mcd
<b>LED output frequency</b>	Steady

<b>LED visibility</b>	Up to 500 meters
<b>Activation</b>	Photo sensor
<b>Storage Device</b>	LiFePo4 (Lithium Ion) Battery/PCM(Protection Circuit Module)
<b>Battery cavity</b>	3.2V / 600mA/h
<b>Charge condition</b>	Sunny day-2hr. /Rainy Day-8hr.
<b>Life span</b>	AsLiFePo4 Battery go=3,00Cycle/365day=More than 10 Years
<b>Lighting time</b>	12~16hours (When Battery full charged)
<b>Waterproof</b>	IP 68
<b>Output on full charge</b>	Up to 11~12 hours
<b>Operating temperature</b>	-40C to +80C
<b>Manufacturer`s warranty</b>	One year
